

SAVE FOOD @ Innovationparc

Der Innovationparc ist ein einzigartiges Markenzeichen der interpack und das messeeigene Forum für zukunftsorientierte Sonderthemen. Besuchern und Ausstellern soll der Innovationparc eine Plattform zum Austausch über grundlegenden gesellschaftlichen, ökonomischen und ökologischen Themen bieten. 2017 widmet sich der Innovationparc ausschließlich dem Thema SAVE FOOD.

Mitglieder der Initiative SAVE FOOD präsentieren im Innovationparc exklusiv ihre Unternehmens oder brancheneigenen Initiativen an eigenen Messeständen. Im Austausch mit Messebesuchern, Kunden und Kollegen können weitere Ideen geboren werden und neue Allianzen entstehen. Auch die FAO als Partner der Initiative SAVE FOOD wird hier ihre neuesten Initiativen und Forschungsergebnisse präsentieren.

Auf der Bühne im Zentrum des Innovationparcs präsentieren sich die Mitgliedsunternehmen der Initiative SAVE FOOD während der Messe. Multimedial werden Initiativen vorgestellt, Standpunkte ausgetauscht und anregende Diskussionen geführt.

Die Präsentationen des Bühnenprogramms stehen im Anschluss oder ggf. bereits am Präsentationstag unter www.save-food.de zur Verfügung.

Programm IP SAVE FOOD

Donnerstag, 4. Mai 2017

- 11:00 Uhr SAVE FOOD Tag der Schulen
- 15:00 Uhr Pacproject GmbH /
Schwartauer Werke GmbH & Co. KG
