

Do Good – Save Food!

FAO's education material to raise awareness & reduce food waste at home and in schools

Julia N. Heyl, Food and Agricultural Organization of the UN (FAO)

Dr. Marion Rana, Education specialist, post-doc researcher

SAVE FOOD Congress, 4th May 2017, Düsseldorf, Germany

Food Loss and Waste

- 1/3 of all food produced globally is lost or wasted

Reducing food waste

- Information sharing and awareness raising
- Children and young adults as 'agents of change'

Needs for information material

- User-friendly
- Range of learning activities
- Appealing and comprehensible
- Explaining a complex issue
- Targeting different age groups

➔ **Objective:** ‘Bringing back the value of food’

Partnership with the International Food Waste Coalition (IFWC)

INTERNATIONAL
**FOOD
WASTE**

- Ensures wide dissemination
- Added-value through including activities to reduce food waste in
 - kitchens and
 - along the food supply chain

Education Material Package

- Modular approach – catering to different needs and constraints
